

Ladder Tower 2630

Ladder Tower 2630 is a 1998 Simon Duplex ladder truck and was built by Ladder Towers Incorporated (LTI) in Ephrata, PA. It carries four firefighters, has an 250 gallon water tank and can pump 2,000 gallons per minute. The main ladder is 102' long and has two master stream nozzles attached to the basket. Ladder Tower 2630 has responded to incidents of local and national significance including the 2004 LaSalle Bank fire in Chicago and to New Orleans in 2005 for Hurricane Katrina.
